Here to focus and enjoy.

We need our personal space. A place where we can concentrate in peace and harmony. Creating an independent and isolated area will improve the rest of the things that we do without interference from others.

TUBBO creates that space: independent and transparent.

Create magic moments.

Terraces and open spaces will become our preferred places if they are well equipped. Outdoors means quality. TUBBO® designs indoor spaces fully integrated into outdoor landscapes.

Affordable

We sell direct from factory to your home, making extra room in your budget without compromising quality.

Weather-proof

Completely prepared against harsh weather conditions, enjoy rain, wind and snow like never before.

Easy install

The smart design provide a high quality product with an easy assembly, just one day.

Impact-proof

Our polycarbonates are near to unbraekable, highly resilient to any kind of impact.

Space for your mind.

We replace multiple cycles of construction with recyclable space solutions that can move with you.

The World's leading brands choose Tubbo.

Our collection

1 module

The perfect place for high-performance tasks and productivity. Focus with a great isolation and without distractions.

2 modules

More space for more possibilities. This size is perfect to create a personal and private environment to disconnect and relax.

3 modules

A complete outdoor living room with plenty of space for whatever you like. May it be a coworking office or a chilling room.

A tailor-made space.

We create unique spaces that are specially made for you and your needs. Our specialist will advise you to reach all your requirements and expectations to provide you with your own unique outdoor room.

1 module

A personal space for you.

Home working is now an increasing trend worldwide. Working outdoors is now a dream come true.

By creating an isolated space for discrete phone calls, virtual meetings and focused work, our 1 module Tubbo ensures a high performance and concentration.

Close to the edge.

Front Door

A beautiful and charming access to your new outdoor room, the design fits perfectly into the arcs.

End lid

Like the doors, the end lid is designed to close your space and optimize isolation.

A color for each moment.

FX Led Lighting

Like music, we identify ourselves with our preferred colors.

The versatile FX Led Lighting system create unique environments depending on the color sequences. The technology used in the control allow you to create the perfect theme for every moment.

Steps forward to the future.

The most advanced invisible infrared technology. It works by waves, so it heats the floor, furniture and people, and provides a pleasant and noise-free heat bottom up.

A durable 25 micron anodization with increased IR housing.

Keeps your Tubbo transparent avoiding condensation inside and snow accumulation outside. It is modular and easy to install, so it can be easily placed, removed or changed. Each heater has an independent analog thermostat on the side of its arc.

Install any type of stove you want (pellets, gas, wood...) with the Tubbo chimney pipe for **stoves***.

It can be placed anywhere in the TUBBO®, as long as the chimney is in a polycarbonate zone. It cannot be installed under an arch,

Every part of the system is provided to assemble any kind of stove with vertical exit tube. The tube has 80 mm diameter and 80 cm long.

Stay sustainable,
stay warm.

*Stove not included.

Slide outside the elegance.

Sliding windows

Open your space and feel the air flow with this completely waterproof system made of unbreakable aerospace-grade polycarbonate.

The light weight allows a smooth, ergonomic and simple opening. This smart vent provides an automatic lock when open, without invading the useful space.

Flop Shadows

Sunlight control

With a smooth circle design, this accessory creates a comfortable and cozy shadow. You can either enjoy the sun or cover yourself to get more privacy.

With multiple colors available, you can combine them as you wish to create your own ambiance.

Cristal desk

Walnut chair

Dining chair

Augmented comfort.

Tubbo is a modular structure made of the highest quality materials.

Basic accessories

1. Butterfly Doors

With the possibility to open from both sides, you can use it as a single or double door.

2. Slate flooring

Specially designed for keeping the temperature inside, this floor is elevated from the ground to provide natural ventilation.

3. Galvanized Steel Arcs

Created to provide the beautiful design of Tubbo. These arcs support the slides of polycarbonates for the best outdoor experience.

4. Bench

Optimizing the whole design and the space, comfort and relax with the padded side bench.

5. End lid

A resistant cover to close the capsule, keeping the warmth and comfort inside.

6. Polycarbonate

The polycarbonate is of high-quality aerospace grade, made with the same material as airplane windows.

7. Infrared Heater

Works by waves, so it heats the floor, furniture and people, and provides a pleasant and noise-free heat bottom up.

8. Advanced FX Led Lighting

A complete advanced FX Led system with the whole range of colors, customize your ambiance with your own style.

myTubbo

The ultimate outdoor room to experience and enjoy magic moments.

White glove delivery and assembly

Let us take care of the heavy lifting. The installation and dismantle of TUBBO® is quick and simple, just one day. No construction needed.

Our expert technicians will assemble the products upon delivery and remove all packaging and debris. No cranes are required.

We will constantly update you with the progress and any change about your shipment status, for you to know where is your new outdoor living room at any time, at any moment.

10 years is long enough for even the biggest dreams to come true. Whatever your ambitions may be, MyTUBBO® we'll be with you all the way. With quality that has been tested under extreme conditions.

We can talk about quality because we really make it happen. Constantly evolving quality standards and controls accompany your TUBBO® through development, production and your ownership. That's why we offer a 10 years warranty in Europe.

Only very few items don't enjoy this generous offer (FX Lighting and Heating Systems have 2 years warranty). By redefining quality, we make your TUBBO® an outstanding experience every day.

10-Years Warranty.
